From here to Salvador the ladies dance
To fill us reckless sons with the passions of the heart

I've been round this town for so long
She's been dancing since the first day
I've been all around
But I love coming back to see Lucy

She swings me over to pull me out
Twirls around and I fall about
In giggles and laughter, oh I'm plastered
Can't you help me, I'm sorry love

It's the watch the falling feeling feet
[Incomprehensible] bouncing 'round these streets
They're lonely like you and you for me
To ask for a dance or two

A heart of gold and a face so pale
With a second hand dress and the lips of a temptress

Bar stool banshee, howled out at me
The kings and queens at the clubs evolved from pubs
And two much broken heart love
And singing up the blues in locked boxed bedroom

A wop bop baloo bop ta wop bamboo
Are you gonna take the chance?
Why do you care no one plays fair?
And neither do the lords of the dance

From here to Salvador the ladies dance
To fill us reckless sons with the passions of the heart

Well, it's a bang, bang, Anglo Saxons in the disco
A tish, you all fall down
Hound dogs round on the prowl
For the next young girl who told her daddy

I'm going 'round Gemma's to learn and study
I'm young and so free and I'm kinda sexy
When I'm on the floor all the boys they feel me

And old dear diary's never been a friend of mine

From here to Salvador the ladies dance
To fill us reckless sons with the passions of the heart
