Sugar cane blows in the breeze

Brings back those memories

Of fireflies & the 4th of july

With you

And maybe it's not the time

And maybe it's not the place

Sweet days turn into nights

With you.

Chorus

Tonight

When the stars are in your eyes

And your dreams become your life

Maybe someday somewhere

I will find you

And take you for a ride

To the other side

The other side.

At sundown we look to the sky

Holdin' hands as the rockets fly high.

These are the pirates of my days

With you

And lately I can't recall
Where the summer slept & gave
To the fall
All these memories that I shared
With you.

Chorus
