I feel you livin' inside me
I feel you beating my heart
I've got the time that you gave me
To keep me while we're apart
Slip into the golden place
Light streaming from your face

Fly on my sweet angel
Fly on, fly away
Fly on my sweet angel
Fly on, fly away

You come here when I am sleepin'
You know I want you to stay
I can't see that I've been dreamin'
'Cause these dreams just take me away
Slip into the golden place
Light streaming from your face

Fly on my sweet angel
Fly on, fly away
Fly on my sweet angel
Fly on, fly away

Slip into the golden place
Light streaming from your face

Fly on my sweet angel
Fly on, fly away
Fly on my sweet angel
Fly on, fly away

Fly on my sweet angel
Fly on
Fly on my sweet angel
Angel fly away
