Do you feel me?
When I lay awake at night
I'm feeling you

Do you see me?
When I close my eyes
I'm seeing you

Do you hear me?
When I dream at night
And try to tell you
That I need someone
A connection
To try and live again

I keep waiting
Straight through the night
I keep waiting
For things to turn out right

I keep waiting
Living in a dream
And I'm somehow stuck here
In between

Every night's the same
I tell myself to slip away
In my mind I wait
To see your face
I breathe your name

Do you hear me?
When I dream at night
And try to tell you
That I need someone
A connection
To try and live again

I keep waiting
Straight through the night
I keep waiting
For things to turn out right

I keep waiting
Living in a dream
And I'm somehow stuck here
In between

Do you hear me?
When I scream at night
And try to tell you

I keep waiting
Straight through the night
Try to tell you
Things just ain't right

I keep waiting
Living in a dream
And I'm somehow stuck here
In between
