Would have sold my soul for you  
Would have lived my whole life through for you  
Oh, blood, sweat tears for you  
But you're running away from me

Oh rebel, I see you  
In the morning sun  
I try to tell you, I'm the one  
But you're running away from me

And why do you keep telling me  
I'm not the one I used to be  
Let me tell you why

Why I'm still calling  
Why that I'm still falling  
Why you keep running  
Running away from me

How many times do I need to say  
(Need to say)  
The same thing a different way  
Everything I ever do is for you  
Running away from me

When I tell you, you're the key  
(You're the key)  
You're everything to me  
Every truth I ever knew  
But you're running away from me

So, why do you keep telling me  
I'm not the one I used to be  
Let me tell you why

Why I keep calling  
Why that I'm still falling  
Why you're still running  
Running away from me  
Running away from me

So, why do you keep telling me

I'm not the one I used to be  
Let me tell you why

Tell me everything's gonna be alright but  
I just can't spend the night because  
You don't feel, you don't feel  
You don't feel, you don't feel  
You don't feel the same way I do

Why that I keep calling  
Why that I keep falling  
Why you're still running  
Running away from me

Why I keep calling  
Why that I keep falling  
Why you're still running  
Running away from me  
Running away from me  
Running away from me  
Running away from me
