Words were soft,but words spoken  
Words that turn me inside out  
I saw the lights go dim,I heard the walls crash down  
I felt the lid close in on me without a sound,butâ€¦

I'm alive without you  
I'm alive it's true  
I'll be fine without you  
It's good to finally know,I can make it on my own

I didn't think my eyes would open  
I thought my life was at an end  
I saw it in your eyes,just when you said goodbye  
You couldn't bear to see me on my feet again,butâ€¦

I'm alive without you  
I'm alive it's true  
I'll be fine without you  
It's good to finally know,I can make it on my own

Whenever something ends,you try to start again  
To find what you're believing in  
Losing count of the days,kicking round in waste  
Just in case you find itâ€¦
