Tears when we rise in the morning
Pain in the light of the day
Lies in your eyes when
you'll stalling
Gonna be ok

No one can show you what I did
Take you through the stars in the rain
There is a hole in the a soul that you've
opened
You'll never feel again

Don't you know I'm better than him
But I can see you've
been lonely without me
Can't you see he's nothing like me
Cos I can see
you've been lonely

While you were sleeping in my bed
Holding me like I was your man
Someone else was playing in your head
I never understand

Don't you know I'm better then him
Cos I can see you've
been lonely without me
Can't you see

he's nothing like me
Or is this just what I wanted to believe
There is the smile here waiting for you
Cos I can see you've
been lonely

So maybe
I'll decide
Just let you run and hide
Then you could look of his face in the morning
I hope you're
happy now
You sacrificial cow

Cos Iâ€™m not going to wait for you

Donâ€™t you know Iâ€™m better than him
But I can see you've been lonely without me
Canâ€™t you see he's nothing like
me
Or is this just what I wanted to believe
There is the smile here waiting for you
And I know youâ€™ll do what you must do
Donâ€™t you know Iâ€™m better than him
Cos I can see you've been lonely
