A simple little harmony
Can change the world for me
Give me light so I can see

Nothing can change anything anyway
Here today, gone today
No one has time to pull
Their head from the ground
No one stops to look around

When everything's hard at the end of the day
Your favourite song takes your cares away
We used to sing sandman, my mother and me

And things were good as they could be

A simple little harmony
Can change the word for me
Brighten a bad day, make me believe
Life is not as bad as it could be
A lyric and a melody

A simple little harmony
Can change the world for me
Give me light so I can see
Here today, gone today
