You're never boring; you're always changing. You feel amazing
Keep me, lead the way
I'm serious, delirious, so into this
Just let time slip away.

Crazy about you, I won't live without you, what more can I say?

CHORUS

I love you and everything you do.
I need you; don't ever say we're through
I love you...
The sun is shining, the world is smiling, baby I love you...

Your stupid love, your salty skin, the heat within and I can't help myself.
I wanna touch it baby, look what you made me...
I wanna do to you the things I'd never do.

I'm stuck without you, I'm lost without you, what more can I say?

CHORUS

I love you and everything you do.
I need you; don't ever say we're through
I love you...
The sun is shining, the world is smiling, baby I love you...

I love you and everything you do.
I need you; don't ever say we're through
I love you...
The sun is shining, the world is smiling, baby I love you...

See these hands? They wanna touch you. See these eyes? They wanna watch you.
See this mouth that has to kiss you? As our lips part I start to miss you.
And with my arms wrapped around you, I breathe you

in, I devour you...

I'm stuck without you, I can't live without you, what
more can I say?

CHORUS

I love you and everything you do.

I need you; don't ever say we're through

I love you...

The sun is shining, the world is smiling, baby I love
you...

I love you and everything you do

I need you; don't every say we're through

I love you...

We'll stay together, be mine forever, say you love me
too
