Written by Jay Kay and Toby Smith

That's the way love goes  
Will it change you inside out  
And then it flows  
To the places unfamiliar, yeah

Let me tell, I'm not for you  
You're so hot for me  
So get on girl  
Come on (x4)  
I'm hot for you  
You're hot for me  
So get on  
I want to get it on with you  
I'm sending you a message  
I hope you got the sense to read between the lines  
You know that in the book it says that  
For me you never seem to find the time  
Come on I've waited for your phonecalls  
But you must be uptown having fun  
When you do that thing you do  
I get so exited too  
But you never think to ask me if I want to  
Come with you  
So honey where do we go from here???

You know baby  
I've been trying to find out but I'm still  
Some way from knowing  
Come on, you know I am  
It's not exactly clear, no no  
The love you should be giving me  
Is the love you're rarely showing  
That's the way love goes

That's the way  
That's the way it goes for me and you  
Come on let me tell you now

I feel you're pushing me out

Soon I'm gonna lose my patience girl  
Can't understand what you're about  
Cause there's no communication  
You say you love to love me, love to love me  
But you always keep your distance  
So honey strike me off your list  
If your love comes with a twist  
Cause I want the part that lingered on my lips when we  
first kissed

Say do you love me???  
If you do tell me something  
And make it true...  
Do you love me  
I need to know!  
Baby can't you tell me where we're gonna go???  
Where do we go from here  
I've been trying to find out but I'm still some way from  
knowing

It's not exactly clear no no  
The love you should be giving me  
Is the love you're rarely showing  
That's the, That's the way love goes  
And where it's taking us well we don't know  
So lets move straight on ahead  
And tow in the line between us girl

I think I'd sooner make this love dead!  
Than waste all my time on you, yeah!  
I'm wasting all my time...  
I'm gonna learn learn learn...  
That's the way love goes...  
That's the way  
It's gonna hurt me so bad  
But I won't let it show  
I get the feeling that it's gonna  
Tear out my mind till I can no longer breath

I know I'm gonna learn learn learn...  
That's the way love goes...

Where do we go from here?  
I've been trying to find out but I'm still some way from  
knowing  
It's not exactly clear  
The love you should be giving me  
Is the love you're rarely showing  
Hey but that's the way love goes now  
You know that's the way love goes

I'm so hot for you (x3)
