Without Moving")

Oh, do you know where you're coming from?
Hey, nothing is as clear

Imagine in your mind, oasis
Far awide beyond our living
Sure enough I'm tired of trying to
Hang on when this world is spinning

I was left out
There was no light
There was no sound
Here in the dark
Fishin' around for meaning
But, I had to ask
Someone I knew
Not so far away from where I was

She said
Hey, do you know (mmm)
Where you're comin' from?
Hey, do you know
Now, where you're going to?
She said
Hey, have you been
somewhere you've never ever been before?
I said, well
Nothing is as clear

Nothing is as clear without a
Holding hand to gently guide you
Once that disappeared
But it's so close now that I'm here beside you

I was left down
There was no light
There was no sound

Here in the dark
fishing around for meaning
I had to ask someone I knew
Not so far away from where I was

She said
Hey, do you know
Where you're comin' from?
Hey, do you know
Now, where you're going to?
She said
Hey, have you been
somewhere you've never ever been before?
Now nothing is as clear

Oh do you know
Now where you're going to?
She said, hey, do you know now where you're coming
from?
Hey, have you been somewhere you've never ever
been before?
Nothing is as clear

I was left down x20

Imagine in your mind, oasis
Far awide beyond our living
Sure enough I'm tired of trying to
Hang on when this world is spinning

I was left out
There was no light
There was no sound
Here in the dark
Fishin' around for meaning
But, I had to ask
Someone I knew
Not so far away from where I was

She said...
Oh, do you know where you're coming from?
Hey, do you know where you're going to?
Hey, have you been somewhere you've never been
before?

Oh, now nothing can ever be so clear

(Vocalization to end)
