Kick that switch and Hyper-Zoom
Kick that switch and Hyper-Zoom
Kick that switch and Hyper-Zoom
Kick that switch and Hyper-Zoom

I've got a one way ticket, yeah
To a distant galaxy
I'll take a rocket to the stars to
Escape catastrophe

See time is tickin' on and on and on and on
And life's in short supply
So send me on a no-return trajectory
'Cause everything I know is going to die

Let's travel to a beautiful new world
Leave this world behind
Everybody's going to the moon

I'd like to stay a little bit longer but
I've seen all the signs
Everybody's going to the moon
Everybody's going to the moon

I've got a one way future
Apocalyptic Doom
So I need a destination
Hope I get there soon

The whole night I prayed and soon I will be done
So we're to make this journey
Far beyond the stars and leave behind
The distant love of my unsetting sun

Sit back
Kick that switch and Hyper-Zoom
Kick that switch and Hyper-Zoom
Kick that switch and Hyper-Zoom
Kick that switch and Hyper-Zoom

Let's travel to a beautiful new world
Leave this world behind

Everybody's going to the moon

I'd like to stay a little bit longer but
I've seen all the signs
Everybody's going to the moon
Everybody's going to the moon

I'm gonna travel the exit, gets to the stars
To find another home, search the universe for Xanadu
'Xcuse me while I leave in a hurry, but
I'm running out of time, ain't you heard?

Everybody's going to the moon
Everybody's going to the moon
To the moon
To the moon
To the moon
To the moon

A beautiful new world
(Search the universe for Xanadu)
A beautiful new world
(Everybody's going to the moon)
Everybody's going to the moon

A beautiful new world
(Search the universe for Xanadu)
A beautiful new world
(Everybody's going to the moon)
Everybody's going to the moon

Going to the moon
Going to the moon
Going to the moon
Going to the moon
Going to the moon

Going to the moon
Going to the moon
Going to the moon
Going to the moon

Going to the moon
Going to the moon
Going to the moon
Going to the moon
