There's a man
runnin hot
And there's a night train
I know he's going to stick it out
Ri-ide that crazy white horse

He's a man
He's a big in paradise
But it might get blown into the winds tonight

Seems life's a record stuck
And that it couldn't make it off
He's a cool hand luke,
he's jimmy cross slippery slope

He's just possessed and crazy
Thank you for nothing baby
All those dreams are going up in smoke

I say, hey Floyd! You got your mind in a mess again
hey Floyd! You gotta learn how to break the chain

-- Reggae Instrumental --

Ohh. Yeeah.
There's a night train, to your heartbreak - get on.

it's the big time, that been driving you on
note my blue sky, hanging over, your head

So whatcha gonna do Floyd? I've got to knooow..
I got to know what you're going to dooo yeah
Whatcha gonna do? Whatcha gonna do? Whatcha
gonna do Floyd? (do floyd)
I got to know. I've got to know what you're going to do.

There's a night train, to your hearth break, get on.

It's the big time that has been driving you on, and on,.
Note my blue sky, hanging over your head. (know my
blue skies hanging over you, youuu)

(come on floyd!)
Shoot em up and shoot em down.
Cut down that spot of freedom
Kick it, Stick it, do it what you can.

Got me the pissys-fit,
Get rid of all that shit
Floyd, can't forget, you're a man

I said, hey Floyd you got yo mind in a mess again
hey Floyd, you got the time on your hands to mend

-- Piano Instrumental --

Come on Floyd!
Gotta learn to break that chain now baby.
Hey Floyd, gotta learn to break that chain now baby.

Get off that shotgun ride
I know how much you tried
To blow the high priest of paid away (?)

Your no extravaganza
Do the play in the dirty dancer
Hell man! they even know your name

Hey Floyd, you got yo mind in a mess again
Hey Floyd, you gotta learn how to break the chain

(hey floyd! don't get yo mind in a mess again!)
