Just know that if I like it, I 'll just do it, yeah

Said that we have all the time we need to make it right
Don't hurry for nobody, if it ain't the thing you like
Know your place and fit your space, young man, you
will conform
I didn't hear my soul express those rules when I was
born

Free to roam 'cause that's my home, you can't stop
sweet inclination
The kids want the system breakin' down, not higher
education
If it ain't no natural law then you can keep your
regulations
'Cause if I like it, I do it

But I, I keep on movin', though they wanna bring me
down
I gotta run for the cover
And keep on smilin' though they wanna tie me down
And give me death for the lover
And I keep on losin' though I'm provin' what I'm doin'
I'm still groovin' and if I like it, I do it, yeah

I like it, yeah, yeah, yeah, yeah, yeah, oh, I like it

You've got to help those people break that legislation
We can overcome this suffocation
Execute your natural liberation
Happy to enjoy rejuvenation

All around, hear the sound, no one can stop us now
A thousand rules for plastic fools, now they can take a
bow
Surely there's been time to see, it doesn't work by now
So if I like it, I just do it

Still I keep on findin' that they're pushin' those
distorted visions
And I keep on livin' but I'm dyin' 'cause of their
decisions

If I keep on lookin', I can find an higher space
I'm still groovin' and if I like it, I do it, yeah

Oh yeah, if I like it, yes I know, if I like it
Yeah, don't you know? If I like it
If I like it, if I like it, if I like it
I'll just do it, yeah, yeah

I wanna do it, do it, do it, do it
Oh yeah, yeah, yeah
I gotta do it, yeah, come on

If you like, can do it, yeah
If you like, can do it, yeah
If you like, can do it, yeah
If you like, can do it, yeah
Just do it

I wanna do it, yeah, I think I'll do it now
I think if I'll like it I'm gonna do it
Stay, we gotta do it now
We gotta do it now, yeah
We gotta do it right now, now

Ah, there's my DJ, yeah
You know I wanna do it
Come on, let it out

Hey, everybody said that if you like it, I think you better
do it
I think I'm gonna do it, I think I'm gonna do it
I think I'm gonna do it, you know I wanna do it
Come on, Peter let's do it, oh if you like it, yeah
Oh if you like it, yeah, oh if you like it, yeah
