Feels good, Iâ€™m stranded
on a spaceship hideaway
And something makes me
think Iâ€™m here to stay Iâ€™m
so happy where I am

Feels good,
Iâ€™ve journeyed to the other
atmosphere And every breath
I take just makes it clear
Iâ€™m hoding heaven in my
hands. Itâ€™s automatic baby
and it feels so good

Feels good,
These extra sensory
sensations Are causing me
some complications Electro
static information

Feels good,
Iâ€™m playing with an pleasure
traffiker arriving soon
intergalactica Iâ€™m holding
heaven in my hands itâ€™s
automatic baby and it
feels good

Feels good
Feels so good
