What are you goin' to do to make me hate me?  
I can't see, how you can this time  
A fistful of lies and a verbal decimation  
It's so sad but baby, keep on tryin'

I got me no chains or fancy aspirations  
I've still got a losing streak  
I don't need praise or instant admiration, no, no, no  
It takes more than you to make me weak

I wanna know  
What are you goin' to do to stop me this time, baby?  
You've been tryin' to funk around with my mind lately  
You know, you know, kinda messin' around with my  
mind  
You wanna mess round with my mind

Well, I'm gettin' so sick and tired of hearin' about it  
Like I'm not the man and I don't exist  
You wanna know about this and you wanna know things  
about me  
What you're sayin' always has a vicious poison twist

Baby, why do you do it to me?  
Tell me, why do you do it to me? Why do you do it?  
You're messin' around with my mind  
What are you goin' to do to stop me this time, baby?  
What are you goin' to do? What are you goin' to do?

Now, tell me  
What are you goin' to do to stop me this time, baby?  
You've been tryin' to funk around with my mind lately  
So what are you gonna do, yeah? What you gonna do?

What you gonna do to stop me this time, baby?  
I know you can't stop me  
You've been tryin' to mess around with my mind lately  
You've been tryin' to mess around with my mind

What are you gonna do to stop me this time, baby?  
You've been tryin' to mess around with my mind lately  
You've been messin' with my mind, you do it all the

time

You've been messin' with my mind, you know you do it  
all the time

Oh, oh, yeah, yeah

Well, I'm breakin' out, I'm breakin' out  
I'm flying higher than a pig in space  
And they've been so blind, they've been so blind, yeah  
Now, I was born in '69 and I'm tellin' the world  
But they don't wanna know about me, no, no, no  
No, no, no, no, no, no, no, no

I wanted just to do my thing  
I wanted just to make my life  
Have that swing and let it go, I feel so good  
All they wanna do is just mess with my mind  
I know that all they wanna do is mess around with my  
mind  
All they want to do is mess with my head, yeah, yeah

What are you gonna do to stop me this time, baby?  
What are you gonna do to stop me this time, baby?
