Now party people put your hands together  
Gotta get on up, gotta get on down  
Wooo yeah I know I wanna get up and I wanna get down  
Gotta get on up, gotta get on down  
Wooo yeah I think I wanna dance... you know...

One day soon, our time is coming,  
One day soon, one day, our time is coming  
One day soon, oh! our time is coming,  
One day soon, one day, our time is coming

Now drop it for me one more time like this...

Gotta get on up (x14)  
Gotta get on down

Now let me hear that base drop just one more time like that..

Get on up, get on up,  
Now party people put your hands together...

One day soon, our time is coming,  
One day soon, our time is coming,  
One day soon, our time is coming,  
Wooo one day soon, our time is coming,

Gotta get on up  
Gotta get on down

One day soon, our time is coming!
