## "Talullah"

She's gone away  
Flying out on a jet plane  
Told me, she won't be back again  
And Talullah, Talullah is her name

Well, I got this thing, girl  
I wanted to say to you  
"Talullah, I'm still missing you"

Baby, can't you stop that plane?  
Turn it around, I still love you, babe  
Tell the captain that I'm to blame, I'm to blame

This ink stained with tears  
All these letters from my heavy heart  
This is what I always feared  
That these sparks would fly and we would break apart

But I got this thing, girl  
I wanted to say to you  
"Talullah, I'm still missing you, I miss you so"

Baby, can't you stop that plane?  
Turn it around, I still love you, babe  
Tell the captain that I'm to blame, I'm to blame

You've gotta stop that plane  
Turn it around, turn it around  
You've gotta stop  
You've gotta stop it now and turn it around

You're my magic star  
Don't you fly too far from me  
From me, from me, can't you see?

There's a hole in my soul  
And I'm losing control  
And it's not too late for you to be my magic star  
Come and see me, baby

So solitaire, I think of your midnight hair  
And it's still the same

'Cause you're on my brain  
You gotta stop that plane, come and see me, baby

She's gone away  
Flying out on a jet plane  
Told me, she won't be back again  
And Talullah, Talullah is her name

I curl up tight  
So alone, I can't sleep at night  
Return to sender, that's me tonight

I really think I'm lost in space  
I shut my eyes, I still see your face  
Reach out, touchin' your soft embrace

You've gotta stop that plane

Now there's a hole in my soul  
And I'm losing control  
I know you're my magic star  
But you've gone away and flown too far this time  
And Talullah, Talullah, Talullah la la la la

Stop that plane, turn it around, baby  
You've gotta come and see me  
Stop that plane, turn it around, baby  
I know you don't need me

But stop that plane and turn it around  
Turn it around  
I need to see you, baby  
I need to see you, baby

And you, you're my magic star  
Don't you fly too far

Stop that plane  
Turn it around, turn it around
