Everybody
Don't want no war,
'Cos we're too young to die,
So many people,
All around the world,
Seen their brothers fry.
What's the motive?
In your madness.
You've made my people cry.
So politicians this time
Keep your distance.
'Cos we're too young to die.
You know we're too young to die,
You know we're too young to die,
You know we're too young to die,
You know we're too young to die,

What's the answer?
To our problems.
I think we've gone too high,
Little children,
Never said a word now,
But still they have to die.
It won't be long.
Dancing like we do now,
To put this sad world right.
So don't you worry,
Suffer no more,
'Cos we're too young to die.
You know we're too young to die,

You know we're too young to die,
You know we're too young to die,
You know we're too young to die,

All gone when they drop the bomb.
Can the politicians reassure?
'Cos here I am presuming that
Nobody wants a war
There's so many people praying
Just to find out if they're staying.
But lately stately governments

And disillusioned leaders,
So full of empty promises
But rarely do they feed us.
Put our backs against the wall,
Or don't we count at all?

Can you decide,
Are you mesmerised.
Do you know which side you're standing?
Cos when it falls gonna take us all.
Gotta know what we're demanding,
I never lie,
Can't your hear the cry,
Coming from on high,
WE'RE TOO YOUNG TO DIE.
