Get down, right on, get down

I know all we're doin' is  
Travelin' without movin', yeah hey  
I know all we're doin' is  
Travelin' without movin', can't stop, no  
I know all we're doin' is  
Travelin' without movin', yeah hey  
I know all we're doin' is travelin'

Speed freak, faster than a speedin' bullet  
Slow down, got to get down  
If I don't, well if I don't I might just lose it  
Locked up, you've you've you've got me, honey  
Locked up under heavy braking, yeah yeah  
You know I've got to hang on  
Drive too fast I might be last, oh yeah, now, drive it

I know all we're doin' is  
Travelin' without movin', oh yeah  
I know all we're doin' is  
Travelin' without movin', oh yeah  
I know all we're doin' is  
Travelin' without movin', oh yeah

I know all we're doin' is  
Travelin' without movin', oh yeah  
I know all we're doin' is  
Travelin' without movin', oh yeah  
I know all we're doin' is  
Travelin' without movin', without movin', without movin'
