So, so what happens in your room, when you're all
alone with me at home going crazy over you.

CHORUS

Behind these bedroom walls, every night I sing along
with all her favorite songs.

I sing until my voice is gone, until my lungs are
bleedin'.

Tell me you don't miss these brown eyes and that
you're not in love.

Take this stupid heart,

I know it's all you ever wanted me for

and I hope you keep it close,

so everyone knows that it's all because of you
that I'm dead to the world.

I hate, hate the way you look at me.

Where's the pills that cure that thing that you call
"sweeping me off my feet"?

It's girls like you that keep open graves for boys like
me, that keep themselves locked up for days.

CHORUS

I won't wait, I won't wait, I won't wait

I won't wait for you to make me stop

Behind these bedroom walls, every night I sing along
with all her favorite songs.

I sing until my voice is gone, until my lungs are
bleedin'.

Tell me you don't miss these brown eyes and that
you're not in love.

Take this stupid heart,

I know it's all you ever wanted me for

and I hope you keep it close,

so everyone knows that it's all because of you that I'm
dead to the world. (X2)
