If I could  
I'd blow the sun out  
And bury you deep  
Within my bed?  
I'd give you my lungs  
To breathe as I do  
As if you're in love,  
As if it's the end  
(the end, the end, the end)??  
And we're never waking up  
(We're never waking up)  
(2x)  
I let my arms  
Move as they wish?  
They fall into place,  
  
So jealously?  
And we're never waking up  
(We're never waking up)  
(2x)??I'm fallin' slowly into  
All the dreams  
We've left behind'Forever a sleepwalker  
And we're never waking up  
(We're never waking up)  
(3x)  
  
And we're never waking up
