"Don't look at me now,"
She said with eyes that I can hardly take
Cause I'm stuck with a smile
That doesn't fit me anymore

She said,
"Who wants a life that's filled with semesters
And useless knowledge and wasted credits,
You can stay here tonight, or maybe forever
And no one has to know, cause I won't let you go."

[Chorus]
And I can't wait to write you a letter
For everyday that I can't bear
You can fill these moments
With words signed forever
But you've got to swear,
Don't forget to remember me

She sat with a smile
That screams of tears
And not another word
Gonna spend my nights either sleepless

Or dreaming about you

She said,
"Who wants a life of lost adolescence
That's filled with regrets
And empty depressents
I've said it before
And you know that I meant it,
You're all I want to know
And I won't let that go."

[Chorus]

Let's just hope that nothing happens
Wait forever, not for me
A life full of problems and last kisses
All you ever gave to me
Let's just hope that nothing happens

Wait forever, not for me
A life full of problems and last kisses
All you ever gave to me

[Chorus x2]
