"Tearing Through Me"

I spend more time,
Tryin' to breathe,
I keep my eyes closed
You're too far away from me
You're so far away from me

I spend more time
Tracing your face
Wearin' away my fingerprints
You're so far away

We could stay up forever
No one sleeps 'til my voice finds your ears
Your last kiss was somethin' more like shrapnel
Tearin' through me

I spend more time
Speaking through wires
Livin' in circuits
You're so far away

We could stay up forever
No one sleeps 'til my voice finds your ears
Your last kiss was somethin' more like shrapnel
Tearin' through me
Tearin' through me (x6)
