If I could, I'd blow the sun out
And bury you deep within my bed
I'd give you my lungs to breathe as I do
As if you're in love, as if it's the end

And we're never waking up
(And we're never waking up)
And we're never waking up
(And we're never waking up)

I let my eyes move as they wish
They fall into place, so jealously

And we're never waking up
(And we're never waking up)
And we're never waking up
(And we're never waking up)

I'm falling slowly into all the dreams we left behind
Forever a sleepwalker

And we're never waking up
(And we're never waking up)
And we're never waking up
(And we're never waking up)

And we're never waking up
(And we're never waking up)
And we're never waking up
