Just be in love  
And I'll kiss you like you've always wanted  
Just close your eyes  
I'll still live as if I'm dying

If I don't make your heart  
Skip a beat, then hate me  
If I don't make you feel  
Anything than it's me

I just want you to feel beautiful  
For once in your life  
I just want you to feel beautiful  
For once in your life

Just close your eyes  
And I'll kiss you like there's no tomorrow

If I don't make your heart  
Skip a beat, then hate me  
If I don't make you feel  
Anything than it's me

I just want you to feel beautiful  
For once in your life  
I just want you to feel beautiful  
For once in your life

So sleep now  
So deep in static, drifting in the shadows  
Hold me close  
To the four wall headlights and TV screens

So sleep now  
So deep in static, drifting in the shadows  
Hold me close  
To the four wall headlights and TV screens

So sleep now  
So sleep now  
So sleep now
