"You Remind Me"

Visit "[You Remind Me](#)" on MotoLyrics.com

It's been a minute since the day we said we'd take a
break
I haven't took a step don't even wanna go and play
It's like the world just fell on me and boy I realized
I loved you, baby
(You're all that I want and you're all that I need)
Your shirt is sitting on the table in my living room
I turned my head and in the frame I caught a glimpse
of you
Your scent surrounds me
Suffocating, no more waiting, gotta see you

(Oh oh oh oh I) (Oh I)
Oh oh I can't stay away and just let this feeling go (Oh I)
Home just ain't the same
I'm stuck like gum to my shoe
don't wanna pull it off

You remind me of the sugar in my lemonade
Sweet, yes its all I need
so, I won't let go
You remind me of the cool breeze on a summer's day
Ooh It's necessary
So, don't you let go
Let's go let's skip the break we'll make up then escape
You know we need it
Don't deny we fit together like a key and lock
You need me, I need you
So, don't you let go

I pass the hours trying to think of something else to do
but every minute all I seem to think about you
I'm suffocating
Come on baby won't you save me
Gotta see you

Oh oh I can't stay away and just let this feeling go
Home just ain't the same
I'm stuck like gum to my shoe
don't wanna pull it off

You remind me of the sugar in my lemonade
Sweet, yes its all I need
so, I won't let go
You remind me of the cool breeze on a summer's day
Ooh It's necessary
So, don't you let go
Let's go let's skip the break we'll make up then escape
Yeah
Don't deny we fit together like a key and lock
You need me, I need you
So, don't you let go

You are the sun to my moon
the harmonies to my tune
and always filling me up
just like that breakfast at noon
I can't deny it baby
your loving drives me crazy
but that's a state that I'll embrace because its filled with
you

You remind me of the sugar in my lemonade
Sweet, yes its all I need
I won't let go
Don't deny we fit together like the trees and rain
you need me, I need you
So don't you let go

oooh oh don't you let go
