[Intro: Notch]

One time for your mind  
This is not a test, this is an emergency  
Listen, this is what I need you to do...  
Is get on the dance floor

[Sazon Diamonte]

Before you cross the border  
Betta have your shit in order  
Cuz now your spots is really playin so stayyyyy

[Red 1]

Aiyyo, we got 'em in a tight grip, but keep it tight lip  
For we killa types get live with the mic check  
Hit 'em with the right left, make sure it's priceless  
Rascalz, Sazon, Van' in these nice sets  
So let our word shine like we iced it  
For ma familia, gotta keep it righteous  
And for me Rassa cuz they don't like us  
They try to hold me down but you know we gon rise up  
Open your eyes, betta.. hope with them guys up  
Who's got the flow to overthrow before your times up?  
Enemy or friend, better make your mind up  
.9 millimeter, pan ready got 'em lined up  
Even though time's tough, we stay mind tough  
Yeah, you know where to look if you want to find us  
Just follow the crowd and get into the line up  
Cuz you could get it - all you gotta do is sign up

[Chorus 1: Sazon Diamonte]

Before you cross the border  
Betta have your shit in order  
Cuz now your spots is really playin so stayyyyy  
It's a crazy world we live in  
Gotta get it baby, feel it  
Cuz you might find it's so fine yourself this way, so  
stayyyyy

[Red 1]

I yo meil, burrico reil  
Et on a so coma in a de sequa a feit

Es a de calo, por savor  
Bring the heat...

Aiyyo, your fucking with the wrong cat  
Who got the bomb rap lookin like a long gat  
Sippin on Congac and Banjo - we on that  
Feelin no contact, lockin it down like record company  
contracts  
Cuz they broad cats, bug it, blood clot that  
All on my nuts, they need to get off that

[Misfit]

We ain't across the battle, whether to choose God to  
the devil  
I live it up revolutionary as a rebel  
With a cause to enlighten my people, that's primary  
And everything after that is classified secondary  
Could we go on? If we ain't strong, I doubt it  
For now, I put the problems away, I'm really crowded  
with stress  
So I go and drink away the pain  
Pass me the mic, ain't a club, so watch the rain and be  
free

[Chorus 2: Sazon Diamonte]

Before you cross the border  
Betta have your shit in order  
Cuz now your spots is really playin so stayyyyyy  
It's a crazy world, crazy world, crazy world  
It's a crazy world we live in  
Gotta get it baby, feel it  
Cuz you might find it's so fine, yourself this way, so  
stayyyyyy

[Misfit]

Where you at? To my people on the concrete rolling  
that  
To them people on your block like strolling when?  
You get 'em live start smoking man  
This shit be like damn, you can't hold it man  
So I drop it like it's hot when I blow an en  
Cancel "Friends", this sound when I load an en  
Cuz the trigger pulls every clip before a hand  
So ease wit it when you load my clip before you stand  
Blast your speaker, head leaking when it hit the meter  
Scorpio sting lethal bars at your tweeter  
And ya heard this new shit set to freak ya  
And get ya off, like you smoking reefer  
Yo, yo, giving you some more of that  
I'm up in the cut, just moving like a running bat  
So when I holla shifts, you better send it back

I touched on it in the zone with a paper stack

[Chorus 1]

\* Sazon harmonizes until end
