You're my moon, my star
You're my light in the dark
You're my little sunshine on the rainy day
You're my arrow, that shows me the way

You're my diamond on the bed of roses
You're my sweetest kiss I ever had
You're like your sounds, who is still alive
Thank You for Saving my life

And I'm afraid to loose you
I lie awake and wish you by my side
And then I'm talking to you
Wish you there just to hold you tight

And I would creep
And I would die
And I would beg for you like sinners for their live

And then I'm sad and then I cry, then I cry
Time without you is cutting like a knife
Cutting like a knife

You're my diamond on the bed of roses
You're my sweetest kiss, I ever had
You are like your sounds, who you still alive
Thank You for Saving my life

And I'm afraid to loose you
I lie awake and wish you by my side
And then I'm talking to you
Wish you there just to hold you tight

And I would creep
And I would die
And I would die
I would beg for you like sinners for their live

And then I'm sad and then I cry, and then I cry
Time without you is cutting like a knife
Cutting like a knife
Cutting like a knife

Cutting like a knife
Cutting like a knife
Cutting like a knife
Cutting like a knife
Cutting like a knife
Just cutting like a knife
