La la la la la la la la la la...

You've just gotta be one of the most beautiful people in  
the whole wide world

It's true it's true it's true and I love you

You're so easy to make conversation with

A nobody else could please me that way

No one can say that you're a wall-flower

Cause you've always got something groovy to say

You've just gotta be one of the most beautiful people in  
the whole wide world

It's true it's true it's true and I love you

Talk about a girl with a sweet desposition you oughta  
have a room full of ribbons

And wear 'em in the hair every day of the week for me

People turn around they know we're the luckiest people  
today in this old town

It's no wonder that they kinda wonder if we're not the  
happiest could around

You've just gotta be one of the most beautiful people in  
the whole wide world

It's true it's true it's true and I love you

La la la la la la la la la la...

You've just gotta be one of the most beautiful people in  
the whole wide world

It's true it's true it's true and I love you I do I do I do I  
love you

La la la la la la la la la la...
