(James Joiner)

A star fell from heaven right into my arms
The brightest star I know I've never seen
Then I found out that it was only you with all your
charms
Who came into my life to fill a dream.

A fallen star that's what you are
The twinkle in your eye came from the sky
You must have strayed from the Milky Way
A fallen star that's what you are.

--- Instrumental ---

A fallen star that's what you are
The twinkle in your eye came from the sky
You must have strayed from the Milky Way
A fallen star that's what you are.

A fallen star that's what you are...
