For loving you, for needing you  
But most of all, for loving you, for loving you

For loving you, my life is so much richer  
You've given so much to live for  
And I never really lived before, before loving you  
(For loving you)

And for loving you, my faith is a little stronger  
For a world that could give you to me  
Couldn't be as bad as it's made out to be, there was  
good there  
I just could never see before loving you  
(For loving you, for needing you)  
(But most of all, for loving you, for needing you)

And for needing you, I feel a whole lot stronger  
For there's a strength that comes from knowing you  
Need to give up yourself  
And darling, I gave so much of myself loving you  
(For losing you)

And now I'm losing you and I'm a sadder, lonelier man  
Than I ever thought any man could be  
But even in my loneliness  
Even as I walk the hunting trail of memory

Even for all the pain that I'm feeling right now  
Never once will I ever regret  
Having had the chance of loving you  
(Loving you)
