(Don Reno - Mack Magaha)

(Both)

I know you're married but I love you still.

(Jan)

The day I met you I knew you weren't free

But I knew I'd love you through eternity

(Bill)

And though I knew you were another's bride

I vowed my heart would never leave your side.

(Both)

You know I love you

And I always will

I know you're married

But I love you still.

--- Instrumental ---

(Bill)

I never would have made that sacred vow

If I had only known what I know now

(Jan)

There's room for only you inside my heart

So close together yet so far apart.

(Both)

You know I love you

And I always will

I know you're married

But I love you still.

I know you're married

But I love you still...
