(Gene Dobbins)

I heard my doorbell ring today and there you stood
Wanting me to take you back just like I knew you would
You promised not to hurt me anymore but I've heard
the wind blow before
I'm sick and tired of promises that you don't keep
The only time that you don't lie it's when you're sound
asleep.

I might as well be talking to the door cause I've heard
the wind blow before
Yes, I've heard the wind blow before and I just don't
listen anymore
So turn around me on your way I don't belie a word you
say
'Cause I've heard the wind blow before.

--- Instrumental ---

I've been your fool for, oh, so lone now it's the end
I think you only come back home so you can leave
again
I put the welcome mat from my frontdoor
'Cause I've heard the wind blow before.

Yes, I've heard the wind blow before
Yes, I've heard the wind blow before and I just don't
listen anymore
So turn around me on your way I don't belie a word you
say
'Cause I've heard the wind blow before.

Yes, I've heard the wind blow before...
