'(Ben Peters)

Whenever I chance to meet some old friends on the street
They wonder how a woman gets to be this way
I've always got a smiling face any time and any place
And everytime they ask me why I just smile and say.

You've got to kiss an angel good mornin'
And let him know you think about me when he's gone
Kiss an angel good mornin'
And love him like a devil when he gets back home.

Though people may try to guess the secret of my happiness
But some of them never learn it's a simple thing
The secret I'm speaking of is a woman and a man in love
And the answer is in the song that I'll always sing.

You've got to kiss an angel good mornin'
And let him know you think about me when he's gone
Kiss an angel good mornin'
And love him like a devil when he gets back home.

Kiss an angel good mornin' good mornin'
And let him know you think about me when he's gone
Kiss an angel good mornin'
And love him like a devil when he gets back home...
