Love is a sometimes thing  
Yes, your love is a sometimes thing  
It comes and goes like winter and spring  
Yes, your love is a sometimes thing

You told me that you would always car  
In time of need you'd always be there  
But lately baby, I've seen so little of you  
Makes me wonder just what you been up to

Love is a sometimes thing  
Yes, your love is a sometimes thing  
It comes and goes like winter and spring  
Yes, your love is a sometimes thing

Love is a sometimes thing  
Yes, your love is a sometimes thing  
It comes and goes like winter and spring  
Yes, your love is a sometimes thing
