Satin sheets to lie on satin pillows to cry on and still
you're not happy here with me
Big long Cadillacs tailor makes upon your back and still
you want me to set you free

We've been through thick and thin together braved the
fair and stormy weather
We've had all the hard times you and I

And now that I'm a big success you called today and
you confussed
And told me things that make me want to die
You told me there's another man who can give more
than I can
And I've given everything that cash will buy

You can buy me a peaceful night with loving arms
around me tight
And you're too busy to notice the hurt in my eyes

Satin sheets to lie on...
