running down that street,  
heading for the void,  
just to catch a moment,  
you stole the,  
love so fragile,  
will it break,  
into a million pieces,  
will you forsake me?  
Time is an infinite place,  
but it may pause,  
the time to fall,  
my time is an infinite space,  
AM I ON PAUSE???,  
or will I fall....In love again???,  
in love again???,  
in love again.....  
I thought this place was lonely,  
still i breathe,  
a new sense of freedom,  
in me,  
as i walk forward into the light,  
i look it into aqua,  
and feeling so high..  
time is an infinite place,  
but it may pause,  
the time to falll,  
my time is an infinte space,  
am i on pause,  
or wil i fall.....  
Time,  
is an infinite place,  
but it may pause,  
the time to fall,  
my time is an infinite space ,  
am i on pause or will i fall in love again,  
in love again,  
in love again.....
