I don't need much, not really  
Just walkin' and talkin' and bein' free just being me  
And I think about nothing really  
Just silly things...  
Say it mustn't touch me, it mustn't reach  
It's another road it's not for keeps  
Too much time has past between  
Sands of time have covered me

\*chorus\*

Don't make promises  
You won't keep, life is long  
And the hurting's deep  
Don't make promises  
You won't keep.

You paint the picture perfect  
With past just green and things I need  
And it seems my search can never end  
For peace of mind and truth of friends  
And over glens that reads it all  
Sorry but the curtains fall  
and nothing spoken and nothing said  
and no one smiled but somethings dead

\*chorus\*

Don't tell lies, don't disguise, call me...

I'm lyin' on my colored bed  
As I turn the sky is red  
Colors knock me to the floor  
Nothings changed and there once more  
I couldn't change what's gone before  
Its not to be so closed the door  
Winds have changed and blow once more  
Time can heal this hurting soul

\*chorus\*

Don't make promises...you'll never keep
