ahhh.. baby, i can hardly recognize myself

mmmmmmmm.... touch me

The light is going blue.

Morning approaches.

The pain's still here.

I'm empty - empty - empty.

Sounds of the world,

Of laughter and tears.

I've nothing left.

I'm empty - empty - empty.

Heaven is forbidden

But I'm going soon

Kiss me one last time

before i take my flesh away

Heaven is forbidden

But I'm going soon

Kiss me one last time

Kiss me one last time

I want wisdom on tap, flowing like water

strange i want that because

I'm empty - empty - empty.

So now eat your words,
I hope you choke.
I feel nothing no more.
I'm empty - empty - empty.
ahhh.. baby, i can hardly recognize myself
mmmmmmmm.... touch me
Heaven is forbidden
But I'm going soon
Kiss me one last time
before i take my flesh away
Heaven is forbidden
But I'm going soon
Kiss me one last time
Kiss me one last time
