I was drawn to you with just a glance
I knew then, I'd tremble forever
and I know your good for me
and love's just beginning to blossom

my broken dreams are so forgotten
my broken dreams... so forgotten...

We light up the room, can't you feel it between us?
there's so much energy and I know your good for me
and
love's just beginning to blossom

my broken dreams are so forgotten
my broken dreams... so forgotten...

How did you find me when I feel so transparent?
I looked into your eyes
as blue as the ocean
something happened there was heart,
I was lost, I drowned in your eyes
how did you find me?

I'm yours...

I'm yours...

eternally yours...

I was drawn to you with just a glance
I knew then, I'd tremble forever
and I know your good for me
and love's just beginning to blossom

my broken dreams are so forgotten....

We light up the room, can't you feel it between us?
there's so much energy and I know your good for me....

How did you find me when I feel so transparent?
I looked into your eyes

as blue as the ocean
something happened there was heart,
I was lost, I drowned in your eyes
how did you find me?

I'm yours...

I'm yours...

eternally yours...
