All is fair and beautiful
Tonights as good as any other night
Confusing me as usual
I think I'll need a map to get it right
I set up for the smallest clue
Anything to get it right on you
I confess...
That I feel like I still need to learn
the very first thing about you
And I feel like I could crash and burn
Whenever I get around you
So alive and colorful
I never seen an aura quite as bright
The image is indelible
The first thing and the last thing on my mind
When I think Im closing in
Its obvious that I dont know just where to begin
Cause I feel like I still need to learn
the very first thing about you
And I feel like I could crash and burn
Whenever I get around you
Yes, I feel like I still need to learn
the very first thing about you
And I feel like I could crash and burn
Whenever I get around you
Ill be your crook
Sing a different hook
And a trick in the book till you buy it.
Ill take up the slike
I would cover your tracks
Make a front to attack
Start a riot...
I Feel like I still need to learn
the very first thing about you
I Feel like I could crash and burn
Whenever I get around you
Yes, I feel like I still need to learn
the very first thing about you
And I feel like I could crash and burn
Whenever I get around you
Whenever I get around you...
I feel like I still need to learn

the very first thing about you
I feel like I could crash and burn
Whenever I get around you
I feel like I still need to learn
the very first thing about you
I feel like I could crash and burn...
