He never takes you out, never tucks you in
He doesn't care enough to do the right thing
Always puts you down, he likes to see you there
What's it gonna take for you to say I'm walking
'cause hey, you've done enough time
Spent long enough at the back of the line
Step out, take the big leap
Dive in, the water is deep
Move on, never look back
Stand up, bid your goodbyes
Don't make the same mistake twice
For once, shout it loud
I've finally come around, yeah
Finally come around, yeah
You took it all you could, gave it all you had
But all you got to show for love is sorrow
Better ask yourself when you round it up
Do you wanna wake up where you are tomorrow?
'cause hey, you've done enough time
Spent long enough at the back of the line
CHORUS
I say you're gonna do fine
I know what it's like at the back of the line
Step out, take the big leap
Dive in, the water is deep
Move on, never look back
Stand up, bid your goodbyes
Don't make the same mistake twice
Time's up for you backing down
You've finally come around, yeah
Finally come around, yeah
Finally made the count, yeah
Finally made the count, yeah
