margarita by Jan Smit
The way you're walking
The way you're talking
It drives me crazy
Your way of smiling
Your sexy styling really daze me
My body's shaking
My heart is breaking
When i think of you
You're such a good looking woman
That's why i call you
Just to say Margarita, Margarita Margarita, Margarita

Because of you i cannot sleep
I cannot eat, i cannot live
Cause you're always on my mind
Margarita, Margarita Margarita, Margarita

I'm head over heels in love with you
Sweet senorita
I hope you gonna love me too
My heart is crying I feel like dying
Yearning for you
Stop my heartache
And choose for me babe
Please say you do

I feel so lonely
I know you only
Can set me free
You're such a good looking woman
That's why i call you, just to say
