sailing away by Jan Smit

The other day i went down to a crystal gazer
She told my fortune by the cards
From crystal balls and chandeliers
She predicted: you will be a lonely sailor
All alone you're gonna sail the seven seas

But i promise you my friend wherever i go
I'm gonna write you a letter to let you know
I'm sailing away across the oceans
But i'm sailing with you on my mind
I'll let you know all about my emotions
How i miss you each day and each night
I'm sailing away across the oceans
But i'm sailing with you on my heart
I'll let you know all about my emotions
With a message in a bottle from my heart

I will never let you down so stop crying
Yes you'd better save your tears for rainy days

But i promise you my friend wherever i go
I'm gonna write you a letter to let you know
I'm sailing away across the oceans
But i'm sailing with you on my mind
I'll let you know all about my emotions
How i miss you each day and each night
I'm sailing away across the oceans
But i'm sailing with you on my heart
I'll let you know all about my emotions
With a message in a bottle from my heart
