Breathe
Lay back, sit back, take it all in
Leave
Sorry, go away, come again
'Cause there's a million blazing lights shining down on
me
So white in front that I barely can see
Don't know which way I'm going or where I'll be
Just like swimming around in this empty
Sea

And I wonder, are you gonna come along with me and I
I wonder, said, where I'll be, said, where I'll be and I
And I wonder, are you gonna come along with me and I
I wonder, said, where I'll be, said, where I'll be
Back home all alone doin' all but something and when
you take a closer look it's really just nothing but a
demolition derby goin' on inside my brain
A brand new collision course that doesn't leave a
Stain

And I wonder, are you gonna come along with me and I
I wonder, said, where I'll be, said, where I'll be and I
And I wonder, are you gonna come along with me and I
I wonder, said, where I'll be, said, where I'll be
