From the first time that I met her

From the first time
From the first time
From the first time
From the first time

From the first time
From the first time
From the first time
From the first time

From the first time that I met her
Knew that I could never forget her
When she smiled in my direction
She just swept my heart away

I was burning with desire
Then she smiled and set me on fire
As I looked into her dark eyes
Then I knew that she was mine

More than a feeling
More than my heart could reason
More than a feeling
Out of the blue, it was such a surprise

More than a feeling
Life found a brand new meaning
More than a feeling
Out of the blue, it was such a surprise

More than a feeling
More than my heart could reason
More than a feeling
Out of the blue, it was such a surprise

More than a feeling
Life found a brand new meaning
More than a feeling
And it's a natural high

More than a feeling
More than my heart could reason
More than a feeling
Out of the blue it was such a surprise

More than a feeling
Life found a brand new meaning
More than a feeling
And it's a natural high

Never thought that
Never thought that
Never thought that
Never thought that

Never thought that
Never thought that
Never thought that
Never thought that

Never thought that I could find love
Every time I had to recover
Are the heartaches, disillusion
Only time can mend the pain

Now it's over, we're together
And I'm gonna love you forever
All the feelings and affections
Multiply in every way

More than a feeling
More than my heart could reason
More than a feeling
Out of the blue, it was such a surprise

More than a feeling
Life found a brand new meaning
More than a feeling
Out of the blue, it was such a surprise

More than a feeling
Life found a brand new meaning
More than a feeling
And it's a natural high

More than a feeling
More than my heart could reason
More than a feeling
Out of the blue, it was such a surprise

More than a feeling

Life found a brand new meaning
More than a feeling
And it's a natural high
