turn around
every now and than i get a little bit lonely and you
never come around

turn around
every now and than i get a little bit tired of listening to
the sound of my tears

turn around
every now and than i get a little bit nervous that the
best of all the years have gone by

turn around
every now and than i get a little bit terrifide and then i
see the look in your eyes

turn around bright eyes
every now and then i fall apart

turn around bright eyes
every now and then i fall apart

and i need you now tonight
and i need you more than ever
and if you only hold me tight
will be holding on forever
and we'd only be making it right
cause we'll never be wrong
together we can take it to the end of the line
your love is like a shadow on me all of the time
(all of the time)

I don't now what to do im always in the dark
were living in a powder keg and giving of sparks
I really need you tonight
forevers gonna start tonight
forevers gonna start tonight

once upon a time i was fallin in love
but now im only fallin apart
there's nothing i can do
a total eclipse of the heart

once upon a time there was light in my life
but now there's only love in the dark
nothing i can say a total eclipse of the heart

turn around bright eyes
every now and then i fall apart

turn around bright eyes
every now and then i fall apart

and i need you now tonight (and i need you)
and i need you more than ever
and if you only hold me tight (if you only)
will be holdin on forever
and we only be making it right
cause we'll never be wrong
together we can take it to the end of the line
your love is like a shadow on me all of the time
(all of the time)

i don't now what to do im always in the dark
were living in a powder keg and giving of sparks
i really need you tonight
forevers gonna start tonight
forevers gonna start tonight

once upon a time i was fallin in love
but now im only fallin apart
theres nothing i can say
a total eclipse of the heart
