A day will come when we can all be one or we'll be  
Far too gone  
Far too gone

A time will come when we can sleep late and  
Let the world pass on  
Never wake from yesterday's fears  
It's history no mystery

A time will come when we call all be one or we'll be  
Far too gone  
Far too gone

Holding on my own  
Leanin' on no one  
Taking no advice  
Ain't that nice  
A time will come when we can all be one or we'll be  
Far too gone  
Far too gone

Holding on my own  
Leanin' on no one  
Taking no advice  
Ain't that nice

A time will come when we can live as one or we'll be  
Far too gone  
Far too gone.
