Well this here's the date and year  
Collection  
Again, it's the date and year  
Collection  
And well, to understand  
You'll have to leave your new (?) man  
On the day of the year  
Collection  
It'll last a year  
So drink your beer  
It's a collection of a year  
Oh my, that's dandy  
Keep your eye on Uncle Randy  
Oh Randolph, you broke your collarbone  
Gee well, here's one more time  
Record a line  
On the back page  
Of the date and year  
Collection
